## SUMMARY

   I have a solid foundation in HTML, CSS, and JavaScript, which allows me to build responsive and interactive websites. My experience includes working with various front-end frameworks like tailwind and React, enabling me to design and develop sleek and modern web pages. I have also basic skill on design tools such as Figma.
   In addition to my technical expertise, I am a strong communicator and collaborator. I enjoy working within a team and have excellent problem-solving skills. I am detail-oriented and strive to deliver high-quality work within deadlines.
